

Executive Summary: Streamlining Digital Learning at the University of Greenwich

SCIM + SSO Integration for LinkedIn Learning

- **Automated Account Management:** SCIM provisions and de-provisions users automatically, reducing admin overhead.
- **Improved Security & Compliance:** Role-based access is kept in sync with institution systems, supporting GDPR and data governance.
- **Frictionless Access:** Combined with SSO, users sign in once for improved access to learning tools.

LTI 1.3 Integration (LinkedIn Learning + Moodle)

- **Seamless Learning Experience:** Content appears directly in Moodle with no extra logins.
- **Actionable Analytics:** Learning data feeds back into Moodle, supporting engagement tracking and personalised support.
- **Scalable & Cost-Efficient:** Supports long-term integration of future tools with minimal overhead.
